Whoops. I think I replied too abruptly. Instead I would rather say: Please, please, please deny this exemption.

It's an emotional issue for me and emotions interfere with my cold reading.

Thank you for emailing me your comments on the draft UIC Dewey-Burdock permitting actions. I have added your email to the list of public comments received. I have also added you to my contact list to keep you informed on future EPA actions related to the site.

Here is the link to the EPA UIC program website that contains all the information in the Administrative Record, in case you do not already have it:

<https://www.epa.gov/uic/administrative-record-dewey-burdock-class-iii-and-class-v-injection-well-draft-area-permits>

The public comment period is in effect through May 19, 2017, in case you have any additional comments after reviewing this information.

Thank you!

Subject: NO

No radioactive material must be allowed into our aquifer at any time. Ever. Radioactive material is hazardous to all life forms. This is a an abomination. NO. NO. NO.

That is my input as a member of the public.

Once again: NO.
